THE MOTOR LINE

To the Editor of the Eagle.

The gratuitous stab at my name by Mr. John Fisher in this morning's Eaglie renders it necessary for me to contribute a word to the street car literature of the day by deny-

creek last Saturday evening. Shortly after I have been at home a week and have not his arrival at and incarceration in the jail be even been in the Beacon office since my re-I met the editor of that paper in a neigh-

> motor line beyond Mr. Fisher's laconic and I certainly do not feel unkindly to him. So much for my personal feelings toward this Valley Center scheme and its friends-so being perverted to private uses—so much for "the powerful influence of a subsidized press." Snrely "conscience makes cowards of us all." As to the electric motor, in which enterprise this letter charged me with being a large stockholder, I am compelled to say that should do who want to use the stree railroads to reach private property outside the city-I have contributed something to encourage the building of this costly and, as I As to the other crimes charged against me Mr. Fisher did not make some center shots. It might be more satisfactory to him and less trouble to the public if he would call at my house and get a correct list of my Wichita investments. I trust they are all good, and I do not intend any shall be used to oppress inlic prosperity. Respectfully,
> B. H. CAMPBELL.

A DEFENDER.

The following letter explains itself. As our readers will remember the article referred to was duly taken care of: ROCKPORT, Ky., July 19, 1887.

have said he is only one of them Kansas City toughs; Kansas City has a bad rep that way you know. After leaving Wichita I walked to Valley Center and then took the cars for home. When there I made no effort to conceal myself; this Mr. Sheriff can tell you; for I was out on the street every day."

"Were you aware of how badly you had injured the mer."

"No: I had no idea at all; did not think I waske a great city. If there was any collapse "No; I had no idea at all; did not think I had killed either."

"Were you acquainted with the murdered man?"

"No, I was not; never saw him in all my life."

Sheriff Hays said that the man apparently bore a good name in Kansas City for Marshal Leggitt spoke highly of him and said he never knew him to tell a lie. He acted as jailor for some time and was also employed in tracking colored criminals. Deputy Mc Mahon remembers him as being employed

would last one; that in a few years would make a great city. If think you only want one more institution of learning to complete your "modern athens," (as you term it.) that is, a medical college of the regular school. You already have a free dispensary, and I believe a hospi al; if not, you will soon have. Being a physician myself, I well know the advantage a medical school is to a city. As the Homocopaths are rather a sensitive class, it might possibly stimulate them to the erection of one of their schools, as they are rather inclined to delight in rivalry, and of course the more the better for the city.

Respectfully,

INCREASE CAPACITY.

The Crystal ice company is now turning out thirty tons of ice per day. That amount he would come without them. He said he is the full capacity of the present machinery would and was landed in the city without and the demand is such as to cause the com-
